

Please leave wisconsin's nocall list alone. Just because the federal government is controlled by big business, doesn't mean that the state's shouldn't be able to rise above that and set the bar higher. After all, this government is supposed to be of the people, by the people and for the people, NOT of big business, by big business and for big business. In wisconsin, the people like being freed of non-stop unsolicited calls and that dictates the law. On the federal level, big business has been allowed to control the government, and so wants taking away my right not to be bothered in my home by businesses selling products I don't want. PLEASE DO NOT ALTER WISCONSIN'S LAW!!!!!!!!!!!!!!
